

## AND EVEN A FEW TO GET DOWN FROM.

At Camp LEAD, there's no such thing as a lazy summer day.

Because they're all too jam-packed with things to do.

Everything from rappelling, to caving, to Super Modified car racing.

We even manage to make academic learning fun.

And all the while, our campers are growing.

Learning teamwork and leadership, and values that lead to success.

Building lifelong friendships. Adding confidence.

Making summer days into lasting memories.

## MAKE A CAMP LEAD LEAP

Wentworth Military Academy Summer Camp was our place for firsts. Our daughter was on her own for the first time. She set and achieved goals way beyond what she ever thought was possible. I can honestly say it was the first six weeks of what we see as the path to her success. She begged to return for the academic year [at Wentworth], and we were happy to say yes.

# CAMP LEAD

## Leadership

Camp LEAD is a very positive place.

A place where our belief in our campers helps them to believe even more in themselves.

Where we challenge campers on a daily basis to stretch their personal limits and achieve more than the day before.

Where every adventure – from leading their flag football team to victory to navigating the military-style obstacle course – gives campers a chance to prove themselves.

And every day brings new lessons, not just in an academic sense, but in ways to put new leadership skills to use.

## Adventure

Overnight camp is an adventure in itself. But Camp LEAD takes it to another level. Scale new heights on our obstacle course, or explore the depths by learning SCUBA. Shoot around the track in a stock car, or take a shot at paintball. Explore caves, have Worlds of Fun at a nearby amusement park, or learn skills like canoeing and archery. Whatever you like to do, it's at Camp LEAD.

### OUTDOOR SKILLS

- Water survival
- Land navigation
- Hiking
- Outdoor survival
- Rockwall climbing
- Overnight camping
- Swimming
- Intramural sports
- National Physical Fitness test

### ENRICHMENT

- Public speaking
- Internet and media
- Horseback riding
- Marine Biology with SCUBA
- Innovations and Invention

### MILITARY ACTIVITIES

- Obstacle course
- Marksmanship
- Drill and ceremony
- Laser tag
- Rope bridge construction

## Learning

At Camp LEAD you can get a lot of learning in, and still have plenty of time for fun. Wentworth's summer school offers a supportive learning environment where young men and women benefit from our unique combination of military structure, academic enrichment, and life-skills development. Whether you're looking to advance your academic progress or make up credits, our multi-faceted program is designed to meet the needs of each student, with classes you attend only in the mornings, along with a mandatory study period every school night. At the graduation ceremony, each student is recognized for his or her achievements, and leaves with up to 1 credit.
