SPECIAL ANNOUNCEMENT.

I have sold half of my interest in Wentworth Military Academy to Col. W. M. Hoge of Booneville, Mo., and he will be associated with me in full partnership from this time in the conduct of the school.

Col. Hoge received his preparatory education at the hands of the famous Prof. F. T. Kemper of Booneville and his college course at the State University of Missouri of which institution he is an honored graduate.

For nineteen years he taught in Kemper Military School, a greater portion of the time taking part in the management. During the past three years, under the appointment of Missouri State University, he has occupied the important position of examiner of affiliated schools.

With his liberal education, wide experience, and fondness for this work, there can be no doubt that he will prove a great acquisition in the executive department as well as in the department of instruction of Wentworth.

SANDFORD SELLERS, M. A.
READ THIS FIRST, if you please. It sums up the chief advantages we offer and epitomizes the special features of the School.

I. It is a Military School.

II. It is the oldest and largest Military School in the Middle West, and has been under the same management from the very beginning of its history, a period of twenty-three years.

III. The expenses are low, considering the advantages offered.

IV. The location is a town of schools, and this congregation of schools secures many advantages that one alone would not possess.

V. It is not an individual enterprise, but is incorporated and belongs to a board of trustees. It has no debt whatever. These facts insure permanence.

VI. Situated on the bluffs of the Missouri River, with natural drainage, our health record is unrivaled.

VII. For several years we have had all the students we could accommodate and last session we had to turn away many for want of room.

VIII. Our buildings, excepting the armory hall, are of brick and stone, were constructed for their present uses, are heated by hot water, and are lighted by gas and electricity.

IX. We believe the first duty of a teacher of boys to be the development of true manhood, and his principal labor, character-building, and we work to these ends.

X. This is one of the one hundred schools which, according to act of Congress, are supplied by the U. S. Government, without expense to the schools themselves, with Regular Army officers for military instruction and with ordnance and ordnance stores.

XI. By a recent act of the Missouri Legislature, this school was made a post of the National Guard, an annual inspection by State officers was ordered, and all graduates of the Academy receive commissions as second lieutenants in the National Guard.

SPECIAL ORDERS, HEADQUARTERS OF THE ARMY, Adjutant-General's Office.
No. 140. Washington, June 16, 1903.

EXTRACT.

8. By direction of the President, Captain Benjamin B. Hyer, 13th Cavalry, is detailed by the Secretary of War as professor of military science and tactics at the Wentworth Military Academy, Lexington, Missouri, to take effect September 1, 1903, vice Captain Glenn H. Davis, 12th Infantry, relieved, and will report in person at the academy on that date for duty accordingly. The travel enjoined is necessary for the public service.

By Command of Lieutenant-General Miles.

H. C. CORBIN,
Adjutant-General,
Major-General, U. S. Army.
AN ACT

To amend Chapter 112, of the Revised Statutes of the State of Missouri, 1839, entitled "The Militia," by enacting a new article, to be known as Article II, entitled "Establishing a post of the National Guard of Missouri, at Wentworth Military Academy, Lexington, Missouri."

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section 1. That Chapter 112 of the Revised Statutes of the State of Missouri, entitled "The Militia," be and the same is hereby amended by enacting a new article, to be known as Article II, and to read as follows:

ARTICLE II.

Establishing a Post of the National Guard of Missouri at Wentworth Military Academy, Lexington, Missouri.

Sec. 6966a. Wentworth Military Academy. The Wentworth Military Academy at Lexington, Missouri, is hereby constituted a post in the National Guard of Missouri, and the governor is hereby directed to provide for the annual inspection by appointing for this purpose a committee of three members, recommended respectively by the adjutant-general, the State superintendent of public instruction, and the president of the State board of health. The governor is furthermore authorized and directed to appoint and commission the officers of the Academy as officers of the National Guard of Missouri, to rank as follows: The superintendent as colonel; the principal as lieutenant-colonel; the commandant as major; the quartermaster as major; the surgeon as major; the adjutant as captain; the professors as captains; and the graduates as second lieutenants. WENTWORTH MILITARY ACADEMY.

HISTORY.

THE Academy had its origin in the desire of MR. STEPHEN G. WENTWORTH to erect a monument to the memory of his deceased son, WILLIAM WENTWORTH. In the year 1880 a suitable building for a day school was purchased, and in September of the same year the doors were opened for students. Dr. B. L. Hobson, now of the McCormick Theological Seminary, was chosen as Principal, and the present Superintendent was selected as his associate. In April, 1881, a charter was secured, and the school was authorized to confer such degrees and marks of distinction as are usually granted by literary institutions. A board of seven trustees was appointed, consisting of members of the different Protestant churches of Lexington. At the end of the first year Dr. Hobson retired to enter the ministry, and the present Superintendent, who has ever since been at the head of the school, was left in charge. During the second year the military feature was added, making this the pioneer of military schools in the Middle West. It was soon deemed advisable to make the school a boarding-school; and the liberality of the founder at once provided a suitable building. This building soon proved inadequate for the increasing patronage, and Mr. Wentworth donated the present grounds and buildings then standing.

Through the fostering care of the founder and the liberality of the citizens of Lexington and Lafayette County, improvements have been made as the needs of the school have demanded. The school has steadily grown in public favor, as its students have gone forth into public life or to distinguish themselves in universities for which it prepared them. Several universities in the East and in the West have recognized the merit of its work by offering free scholarships to its graduates, and by receiving them without further examination. The Missouri Legislature has made it a post of the National Guard, and provides for the commissioning of its graduates as second lieutenants and for an annual inspection. The United States Government has selected it as one of the three schools, including the State University, apportioned to Missouri by Act of Congress entitling it to the detail of a Regular Army officer for military instruction and to ordnance stores. The present management
has a lease of thirty years on the school, and, having conducted it through the struggles of its youth, feels warranted in believing that the same success will attend it in the future as in the past.

The career of the school, showing its steadily increasing patronage, its strengthening hold on popular favor, its broadening curriculum, both academic and military, bespeaks the merit and seriousness of its work. Established not as a financial enterprise, but as a gratuitous monument from the educational impulses of a worthy founder, it lives to-day one of the leading military schools in the West, having braved difficulties which our competitors, on different bases, have been unable to surmount.

Recognizing the virtue of the work at Wentworth Military Academy, the merit of its perseverance, its genuineness as an educator of young men, the Commonwealth of the State of Missouri has gained for the institution national notice, resulting in the detail of a United States Army officer who superintends our military routine, secures for us equipments, and introduces such features of Regular Army life as may be considered advantageous and feasible for a school for boys.

In 1899 the Missouri Legislature passed an act making this school a post of the National Guard. This act provides for an annual inspection by the State and for the commissioning in the National Guard of all the officers and future graduates of the school. Excepting the matter of appropriations, this establishes the same relation between the Academy and the State as exists between West Point and the United States.

**PLAN OF THE SCHOOL.**

It is the purpose of the present management of this school to use those methods which will develop most successfully the intellectual, moral, and physical powers of the students. To insure the best mental training, none but men of liberal and thorough education and of successful experience in teaching are employed. Liberal expenditures have been made in securing the best mechanical aids for instruction, such as chemical and physical apparatus, maps, charts, mathematical instruments, etc. That correct moral and religious instruction may be given, the teachers are required to be Christian men, members in good standing of some evangelical church. The students are required to attend some church every Sunday in a body, accompanied by a teacher. The Bible

is read and studied daily. A gymnasium is always open for use, and the daily military drill is as regularly required as recitations, affording one of the best exercises known for physical development. All pupils from a distance and most of the teachers board and lodge in the school, in order that the influence and supervision of the teacher may be constantly and most successfully exercised. By this intimate association between pupil and teacher, that part of a youth's education which is outside of the text-book can best be attended to. They are shielded from evil influences and taught habits of gentility, neatness and punctuality. The careless are required and taught how to study, and the ambitious are encouraged to greater endeavor. The school is, as it were, one large family, in which each teacher occupies the place of a parent or an elder brother to the boys.

LOCATION.

LEXINGTON, Missouri, is a town of five thousand inhabitants, about forty miles from Kansas City, and is accessible by the Missouri Pacific, the Wabash and the Santa Fe railroads. While it has water-works, gas, electric lights, and many other modern conveniences, it is not an active business place, but is really an eddy amid booming Western towns, where students may pursue their studies in uninterrupted quiet. Situated on the southern bluffs of the Missouri River, it is unsurpassed in healthfulness by any point in the State. Lexington is well known in the West as an educational center, having, in addition to Wentworth Military Academy, two large and flourishing colleges for young ladies. The educational advantages have attracted and retained a refined and cultivated citizenship. Being one of the oldest and most settled towns in the state, all things conspire to direct to habits of study the minds of the students who assemble here from all parts of the South and West. This congregation of schools gives to each many advantages which no one, or even two schools alone, would possess. They unite in securing Lecture Courses and special teachers of Music, Elocution, Art, etc., and thereby obtain the best talent.

In Lexington was fought one of the important battles of the late Civil War, and the Academy stands quite near the scene of conflict. This fact renders the place exceedingly appropriate for a military school.
FOUR courses of study, the Classical, the Latin-English, the Elective, and the Business, are offered below, one of which must be taken by those who expect to graduate. A select course, differing from the above, according to the wishes of parents, and not embracing branches conflicting with each other, may be pursued, and certificates will be awarded in the branches completed.

While not tributary to any college in particular, the Academy has so designed its Classical Course that students having completed this course find easy admission to the most prominent colleges and universities of our land. The Universities of Missouri, Kansas, Michigan, Pennsylvania, Dartmouth College, Cornell University, Vanderbilt University, Washington and Lee, and Central University of Kentucky have had on their rolls representatives of our school, and most of them were admitted without examination.

The Elective Course and the Latin-English Course answer the purpose of a further collegiate course equally as well, and satisfy college entrance requirements.

The Business Course is designed especially for those who contemplate no further academic or collegiate work. The feature that differentiates it from the other courses is that Commercial Branches are substituted for foreign languages.

A Post-Graduate Course of one year is also given to those who wish to remain with us after graduation in one of the regular courses.
NON COMMISSIONED OFFICERS.
SUB-SECONDARY.

To those who are not prepared to take up strictly secondary school work, thorough instruction is offered in Reading, Spelling, Penmanship, Language Lessons, Letter Writing, Elementary English, Grammar, Political Geography, Physical Geography, United States History, Physiology, Botany, Practical Arithmetic, and Higher Arithmetic.

In some instances it may be found advisable for those who are prepared for the secondary grades to take at the same time in their course one or more of the studies of the Sub-Secondary by way of review, as Arithmetic, Spelling, or Penmanship.

SECONDARY.

MATHEMATICS.

FIRST YEAR.

First Term.—Wentworth's School Algebra, begun.
Second Term.—Wentworth's School Algebra.

SECOND YEAR.

First Term.—Wentworth's School Algebra.
Second Term.—Wentworth's Geometry (Plane).

THIRD YEAR.

First Term.—Wentworth's Geometry (Plane).
Second Term.—Wentworth's Geometry (Solid).

FOURTH YEAR.

First Term.—Wentworth's College Algebra.
Second Term.—Wentworth's Trigonometry (Plane and Analytic).
ENGLISH.

FIRST YEAR.

SECOND YEAR.

THIRD YEAR.

In this year will be included a review of all the readings embraced in college entrance requirements and examinations upon them will be given from time to time as completed.
LATIN.

FIRST YEAR.
First Term.—Smiley and Storke's Beginner's Latin Book.

SECOND YEAR.
First Term.—Review of Forms. Greenough's Second Year Latin.
Second Term.—Bennett's Prose Composition; Greenough's Second Year Latin.

Artillery (four pieces), in action and at rest.
The latest pattern 3.2 in., breech loading, steel rifles.
GRADUATION.

COLLEGE PREPARATORY COURSES.

DIPLOMAS of Graduation will be awarded to all students who satisfactorily complete, in addition to the courses in Military Science, any course of studies offered by this Academy that will satisfy the entrance requirements of the College of Arts of the University of Missouri, the University of Kansas (the 1904 requirements), the University of Texas, the University of Nebraska, the University of Colorado, the University of Iowa, or the University of Illinois. By way of illustration we give below the entrance requirements of the University of Missouri and the University of Kansas as satisfied by the courses of instruction offered in this Academy.

The University of Missouri:

- English .................................................. 3 units.
- Mathematics ........................................ 3 units.
- History................................................... 2 units.
- Foreign Language ......................... ........... 2 units.
- Science .............................................. 1 unit.

In addition to the above, three units are required to be selected from the following subjects:

- 4th unit in Mathematics.
- 3rd unit in History.
- 2 units in Greek.
- 2 units in French.
- 2 units in German.
- 2 units in Spanish.
- 3 units in Latin.
- 1 unit in Science.
- 1 unit in Drawing.
Not less than two units will be accepted in any foreign language, and, where Latin is offered, not less than three units nor more than four units will be accepted. Only one unit will be accepted in any one science. By a unit is meant a year’s work in a subject with five recitations per week.

The University of Kansas:

- English: 2 units.
- Mathematics: 3 units.
- History: 1 unit.
- Science (Physics): 1 unit.
- Latin: 3 units.
- Physical Geography: 1/2 unit.
- Civil Government: 1/2 unit.

In addition, two units are required in any one of the following subjects:

- German.
- French.
- Greek.

Also one unit in any one of the following subjects:

- English.
- Mathematics.
- Chemistry.
- English History.
- American History.

The entrance requirements of any of the other universities referred to may be found in their catalogues.

**COURSES DEFINED.**

If the selection of subjects made by the candidate includes both Latin and Greek, his diploma will be marked *Classical*; if it includes Latin but not Greek, it will be marked *Latin-English*; if it includes neither Latin nor Greek, it will be marked *Elective.*
BUSINESS COURSE.

The Business Course in this Academy is designed for those who do not expect to go to college, but who want such general training as will fit them for the business of life and the life of business. It is not a mere drill in Penmanship and Bookkeeping, but embraces the same Mathematics, English, Natural Science, and History as the other courses and takes as long for its successful completion. In addition to the two years in Military Science, sixteen units are required as follows:

- **Commercial**................................. 4 units.
- **Mathematics**............................... 3 units.
- **History**.................................... 2 units.
- **English**.................................... 2 units.
- **Science**.................................. 1 unit.

And four additional units are required to be selected from any of the courses offered.

Certificates from reputable academies and high-schools will be accepted for any part of the work already completed. These certificates should include both the term grade and the examination standing.

Candidates for graduation must present to the Principal of the Literary Department on or before April 25, a typewritten thesis of not less than twelve hundred words on some subject previously approved by the Instructor in English.

DIPLOMAS.

All students who satisfactorily complete one of the courses of study laid down will receive diplomas with the following distinctions in them: Those who attain an average in all studies above 85 per cent shall have the words “with highest honor” inscribed in their diplomas; those diplomas representing an average of from 78 per cent to 85 per cent shall contain the words “with honor”; graduates holding diplomas not inscribed as above and issued after the year 1892, are not recommended to any university without examination.
MUSIC.

Much interest is taken by the cadets in both vocal and instrumental music; and instruction is given by competent teachers in voice culture and also on the violin, piano, guitar, banjo, mandolin and all wind and reed instruments.

Musical clubs are formed and entertainments are given from time to time during the year.

A brass band of fifteen pieces is organized each session to take part in the parades and military ceremonies and excellent progress is made under the leadership of Capt. Day.

ELOCUTION AND ORATORY.

The Superintendent believes he cannot place too much stress upon the importance of this very practical feature of education. No matter what career a boy may choose, this study cannot fail to be beneficial.

It is designed to teach the subject both as a science and an art, according to the elements and principles of expression as revealed to us in nature by the Divine Creator—not imitatively; to develop the speaking voice in all its phases, especially with a view of improving its qualities; to secure ease in its use in conversation, as well as upon the platform; to develop the artistic nature so as to obtain harmony and practical power to use knowledge and express ideas to others; to correct bad habits of speech, attitude, and gesture, and render the voice, countenance, and body fit agents for the highest expression of thought and feeling, and in general to promulgate a correct knowledge of the resources of our language.

EXAMINATIONS AND REPORTS.

Frequent reviews are made on the subjects studied; and twice each session written examinations are held. At the end of every five weeks a report of the standing of students in scholarship, punctuality, and deportment is sent to parents and guardians.
PRIZES AND SCHOLARSHIPS.

Several gold medals and other prizes are offered each year for excellence in scholarship, in athletics, and in military drill.

The member of each graduating class attaining the highest rank in scholarship and deportment will, upon the recommendation of the Faculty, receive a scholarship of free tuition, for one year, at any one of the following institutions:

Washington and Lee University, Lexington, Virginia.
Central University, Danville, Kentucky.
University of the State of Missouri, Columbia, Missouri.
University of the State of Kansas, Lawrence, Kansas.
Westminster College, Fulton, Missouri.
Baker University, Baldwin, Kansas.
The Kansas City Law School, Kansas City, Missouri.

The three graduates attaining the greatest proficiency in the Military Department will receive special mention in the U. S. Army Register. (See page 21.)

POST-GRADUATE WORK.

Students who have finished one of the four regular courses with us leading to graduation, and who desire to remain another year to perfect their preparation for college or for special work, are assigned to our Post-Graduate Department. Our Post-Graduate students usually select such additional studies from the regular courses as will promote their diplomas to a higher course; as from the Elective to the Latin-English, or from Latin-English to the Classical. In case a sufficiently large number desire it, classes will be organized in Surveying and Elementary Engineering, College Latin and Greek, General Literature, and Advanced Military Science.
MILITARY DEPARTMENT.

THIS is the oldest military school in the State of Missouri. The military idea is growing, and many schools are adopting the feature. Its full benefits, however, cannot be realized in any but a boarding-school, where the students are all together, and where their rising, retiring, assembling for meals and study, their care for their rooms and dress, and, in fact, all their duties are regulated by the military requirements. For twenty-two years we have had this feature in the school, and from it we have derived most gratifying results. We have incorporated it, not for the purpose of training our pupils for military life, but on account of the many advantages derived from it in school government, and on account of the many benefits which our students obtain from the system. It consumes no time that would otherwise be devoted to study, as the hours used for it would, in other schools, be given to recreation.

To sum up a few of the many reasons for adopting the military feature, we believe:

1st. That it contributes to diligence in study. The best men in the drill, as a rule, are the best in their studies.

2d. That it contributes to good behavior. The penalties are of a dignified character, and, while well graded, according to the offense, and some of them severe, they are not such as to crush the spirit of a boy. Being recognized as a part of the military discipline, they are received without the protests that are frequently made against penalties inflicted in school.

3d. It cultivates the habit of immediate, implicit, and unquestioning obedience to rightfully constituted authority; also habits of order, neatness, punctuality, and self-reliance.

4th. The drill is excellent physical exercise, especially for boys who are in a plastic state. Bent forms are straightened, hollow chests are developed, an erect carriage and a manly address are acquired, and health is promoted.

5th. The principle of self-government is thoroughly brought out. Officers are selected from among the oldest, the most studious, and the most trustworthy of the cadets, and these are of much service to the teachers in the management of the school, and in controlling the public sentiment of the students.

While the military feature was introduced primarily for the advantages just mentioned, every effort is made consistent with other duties, to bring it to the highest degree of perfection as regards proficiency in all the details of the system, that every cadet may have a feeling of pride in his work.

For infantry drill we use the Springfield cadet rifle with accompanying outfit. We have, in addition to the rifles, a number of smaller guns for the smaller cadets.

Practical instruction is given in the schools of the Soldier, Company, and Battalion, in the movements in extended order, in the ceremonies of guard-mounting, parade, inspection, review, muster, etc., and in guard duty.

Practical instruction in Artillery embraces the Manual of the Piece Dismounted, Mechanical Maneuvers, and School of the Battery Dismounted. The artillery consists of two 3.2-inch breech-loaders and two 3-inch muzzle-loaders.

Theoretical instruction is given according to the courses of study in the drill regulations of Infantry and Artillery; and in the Art of War and Military Law.

Target practice under the supervision of the Commandant is given to the cadets on certain days of the week during the spring months. Regulation targets are secured, and individual scores recorded for the various distances.

Our supplies of cadet rifles, artillery, accoutrements and ammunition are furnished by the U. S. Government.

The three members of the graduating class attaining the greatest proficiency in military knowledge, both practical and theoretical, will be given special mention in the U. S. Army Register. (See page 21).

OUR buildings, except the armory hall, are all constructed of brick and stone and were erected especially for their present use. In designing them, all the needs of a school of this kind were taken into consideration.

The questions of heating, ventilation, strength, danger from fire, etc., were all considered, and the plans were supervised by the Superintendent, who has been in the school-room for twenty-five consecutive years, and at the head of this school from its beginning.

The buildings include a spacious armory hall, 50 x 80 feet, in which the drills and other exercises take place in inclement weather. The buildings are lighted with gas and electricity, and heated with the most approved hot-water system. They are also supplied with an abundance of hot and cold water, and ample bathing facilities and indoor water-closets are provided.

The grounds, embracing about twelve acres, are elevated, well drained, and covered with a rich growth of blue grass and adorned with shade trees. The location is unexcelled for privacy, health, and convenience.

PHYSICAL DEVELOPMENT.

While we wish to subordinate physical development to moral and mental culture, it is our plan, as set forth in our motto—"A Sound Mind in a Sound Body"—to inspire our students with a desire to possess bodies suited to
the needs of the intellectual man. The "setting-up" exercises and other military drills afford excellent means of physical development. Our gymnasium, foot ball, base ball, tennis, and field sports are directed by a regular instructor. Our students are encouraged to indulge in these sports to a reasonable extent, but we discourage professional athletics, and any tendency to make physical development take precedence over the higher aims of a true education.

**READING ROOM.**

A room has been set apart for the use of students as a reading room, to which they have access during recreation hours on certain days of the week. A library of specially selected books, supplemented by the Government publications, especially those of the Department of Education, is accessible to our students. Two encyclopedias, the Britannica and Chambers's, and Government publications of several years' accumulation are always available for reference.

The following periodicals are taken for the Reading Room:

- Kansas City Journal, daily
- Lexington Intelligencer
- St. Louis Republic, daily
- Scientific American

Every effort is made to suppress immoral or exciting literature, and to implant a taste for that which is elevating.

**APPARATUS.**

In addition to the appointments of the gymnasium and armory, we have all the apparatus, both chemical and physical, necessary for illustrating the experiments of the text-books used. We have a compass, and one of
Gurley Brothers' best engineer's transits, with all the attachments, such as the gradienter, latitude level, and solar attachment. This instrument combines four in one—viz: the ordinary compass, the solar compass, the transit, and the level. Typewriters are also kept for the use of students, and a piano for the use of music pupils. We have charts, maps, globes, a four-inch object glass telescope, and in fact, everything in the way of mechanical devices necessary for teaching thoroughly all the branches laid down in our course of study.

Rev. John Davis, of Little Rock, Ark., a few years ago donated to the Academy a handsome collection of mineralogical and geological specimens, gathered from all parts of North America, and to this collection many new specimens have been added by donation and by purchase. We are indebted, this year, to cadet Dye for African relics for museum.

SCHOOL MAGAZINE—"THE TRUMPETER."

As a notable feature of our work, ten years ago there was inaugurated a quarterly school journal, published by the cadets under the direction of one of the instructors. Much interest has been manifested in this publication by the cadets in attendance and by the alumni. A publication of this kind, under proper direction, is of great worth in a school in developing a proper sentiment among the students, and in affording practice in literary composition. The encouragement already given to this enterprise assures us that it is a permanent feature of the school. The editors-in-chief and business managers are appointed from among the cadets, and the entire control of the publication is left to them as far as is practicable. Specimen copies of this journal may be had on application.
MORAL AND RELIGIOUS CHARACTER.

W e believe that any system of education that does not place the moral element ahead of the mental and physical is abortive, and we strive to impress our boys with the importance of right living, of avoiding excesses and anything that tends to weaken the powers of mind and body.

In the daily contact between teacher and pupil that exists in a boarding-school the teacher has great opportunity for making life-long impressions by his example as well as by his precept.

The design of the founder was that the school should be positively Christian in character, but not sectarian. The Board of Trustees is composed of representatives of all the leading Protestant churches of Lexington, and all the regular teachers are Christians. The students are required to attend church once each Sabbath, in a body, taking the different ones in order, and a Sabbath-school is conducted in barracks by the regular instructors of the Academy. Everything that is inclined to impress the mind with the tenets of any one church, to the exclusion of others, is carefully avoided.

GENERAL REGULATIONS.

It is impossible to formulate all the rules governing a school; there are written and unwritten laws in all schools, and these grow and are subject to modification from year to year. Some of the offenses forbidden are as follows:

- The use of intoxicating spirits.
- The use of profane or obscene language.
- Leaving the grounds without permission.
- Hazing in all its forms.
- Injuring school property.
- Gambling.

Selling clothing, books, or jewelry without permission.
Frequent inspection of quarters is made to see that they are kept in order and to keep forbidden articles from being secreted.
The use of tobacco in any form will be discouraged, and cigarettes will not be tolerated.
Special hours on Saturday and Monday are arranged, in which the cadets may visit the town to attend to any business that may call them there.
The nature of the penalties inflicted for violation of rules is determined after considering all the circumstances in the case.

REQUIREMENTS FOR ENTRANCE.

Applicants must be twelve years of age, must be able to spell, read, and write, and must possess good character. Boys expelled from other schools are not desired. Certificates from other schools will be helpful to us in classifying new students.

UNIFORM.

A UNIFORM of cadet gray, the same as that worn at West Point, with blue cap, must be worn by all who attend this school; also, white gloves in warm weather and black cloth gloves in winter. A dress uniform for the drill and a fatigue uniform are necessary. About five weeks are required to uniform the cadets after school opens. The cost of the two uniforms, with a cap, is $47.25. White duck trousers, the cost of which, per pair, shall not exceed $2.25, constitute a part of the spring uniform. Two pairs are necessary. For boys too small to wear the dress suit, the cost is something less. In addition to the above, a brown khaki uniform consists-
ing of blouse, trousers, campaign hat, and leggins will be required. The cost will be $8.00. They can be secured upon entrance, and being suitable for rough wear, they will reduce in the end the total expense for clothing. All citizen's clothing will be turned in after the corps is uniformed and the uniform will be worn at all times. An equipment consisting of cross belts, bayonet scabbard, cartridge box, and helmet, must be provided for each cadet, the cost of which is $8.00. A uniform overcoat of dark blue may also be worn, but is not required, the cost of which is $23.00. This coat is of such make that it can be easily converted into a citizen's coat when the boy quits school.

In order to secure perfect uniformity of dress, it is best that the above articles be procured after arriving in Lexington.

Our uniforms are furnished and made by our home tailor. They are carefully fitted on the cadets before completion, and are much superior to those procured from Eastern firms. Some of our patrons may want the Eastern-made uniforms, however, and they can be furnished at a considerably lower rate.

OUTFIT.

Each cadet must be provided with the following articles, and whatever else, for personal wear, a parent knows to be necessary, marked with the owner's name:

One Bible,
One napkin-ring,
Four sheets, for single bed,
One pair of blankets,
Two white spreads,
* Six regulation collars,

One clothes-brush,
One bag for soiled clothes,
One tooth-brush,
Toilet soap,
Six napkins,
Six towels,
One teaspoon (for medicine),

Three pillow-cases, 18x34 inches,
One comfort,
Two night-shirts,
One small rug, 2 yards in length,
One blue mackintosh,
One hair-brush and comb,
Blacking-brush and blacking.

Only single beds are used. See uniform and equipment above.

One-half the amount due must be paid when the pupil is entered, the other half January 1st.
A deposit of $20.00 must be made to go toward defraying the expenses of books and stationery, and for
other unforeseen expenses which cannot be estimated in advance.
Damage to school property, other than ordinary wear and tear, will be charged to the cadet by whom com-
mitted.

Every pupil must be entered for the entire ten months or that part of it remaining when he commences,
and, unless the pupil’s health requires his removal, parents and guardians will be held responsible for both pay-
ments when they become due.
SPECIAL REMARKS.

READ carefully our terms and requirements.

Inform us fully in reference to your son's disposition and the character of the education intended for him.

Fill out blank application at end of catalogue.

Money will not be advanced to cadets beyond what has been paid in.

Deposit all funds for general expenses, as well as pocket-money, with the Superintendent, and let there be a definite understanding as to the amount to be allowed for incidental expenses.

No time is set apart for the cadets to visit their homes, except the Christmas holidays; and as the interruptions produced by going home at any other time are a great disadvantage to the pupils, we urgently request patrons not to encourage it. In all cases write to the Superintendent on this subject, not to the boy.

Pupils should enter as near the beginning of the session as possible, for it is very discouraging to start with classes that have been reciting for some time.

Our school is not reformatory in its nature, and we wish it distinctly understood that we do not desire ungovernable boys.

Boxes of edibles, other than ripe fruit, should not be sent.

Every boy's teeth should be attended to before he starts to school, so that his attendance upon school duties may not be interrupted by dental work.

We earnestly urge that the allowance for pocket-money be very moderate; free allowances, instead of insuring the boy's happiness, contribute rather to his demoralization.

State of Missouri, Department of State,
City of Jefferson, June 26, 1897.

To Whom It May Concern:

It affords me pleasure to speak in the highest terms of commendation of Wentworth Military Academy as an institution of learning. The institution is situated in a beautiful and healthful city of our State. It is in worthy and competent hands, where the moral and physical training are kept in view as well as the intellectual advancement. The buildings are substantial, comfortable, and adequate. The fare is abundant and well prepared. The discipline, while strict, is reasonable and wholesome, and the teachers uniformly secured by reason of distinguished fitness. I am quite sure there is no better institution of learning of its grade anywhere in this country.

Respectfully,

A. A. LESUEUR,
Secretary of State.

Supreme Court of Kansas,
Topeka, Kan., June 3, 1901.

Col. S. Sellers, Wentworth Military Academy, Lexington, Mo.:

Dear Sir:—I am gratified on account of the improvement made by my son Wade during the two years spent by him at Wentworth. His appreciation of book knowledge, both for its practical advantage and its refining character-building value, has been stimulated and his understanding of his studies made more thorough than at other schools. He seems to be laying a better foundation for an education than I thought a few years ago he would undertake to build.

Truly yours,

FRANK DOSTER,
Chief Justice Supreme Court.

Kansas City, Mo., May 23, 1902.

Col. Sandford Sellers, Supt. Wentworth Military Academy,
Lexington, Mo.:

Dear Sir:—The excellent progress made by my son while attending your Academy has been very gratifying to me.

I have been particularly impressed with the interest he has manifested in returning to you, after his several leaves of absence.

A management that environs the pupil so as to make him satisfied and contented and at the same time produces results gratifying to the parent, has certainly adopted correct educational methods.

Very respectfully,

H. H. CRAIG,
Attorney for Armour Packing Company.
Neligh, Neb., May 20, 1902.

Sandford Sellers, Supt., Lexington, Mo.:

Dear Sir:—In selecting a school in which to place my son, I spent some time in examining the catalogues and courses of study in the various schools of the West and finally determined to make a personal visit to Lexington Military Academy and should I find the school as represented to enroll my son as a student.

The visit was made and everything found as represented and my son was enrolled for the work at the beginning of the September, 1901, term. I have never had cause to regret the action and am highly pleased with the thorough progress made.

I can cheerfully recommend the Wentworth Military Academy as a practical school under the control of a competent faculty.

Very truly yours,

W. T. WATTLES.

Creede, Colo., May 22, 1902.

Col. Sandford Sellers, Lexington, Mo.:

Dear Sir:—We are well pleased with the Wentworth Military Academy and the way our son has progressed both in his studies and physical development. We expect him to return next September to continue the course.

Thanking you for your kindness in looking after our son, I remain,

Truly yours,

A. H. MAJOR.

Ashland, Kan., May 26, 1902.

Sandford Sellers, M. A., Supt., Wentworth Military Academy, Lexington, Mo.:

My Dear Sir:—My son Otto is just closing his first year as a student at your institution, and I desire to convey to you my thanks and express my entire satisfaction in the progress my son has made. My expectations have been more than realized, and I am delighted with his advancement, and I assure you that anything I can do for Wentworth in the way of advising my friends to send their boys to your school I will gladly do.

Very sincerely yours.

GEO. THEIS, JR.

Carterville, Mo., May 20, 1902.

Col. Sandford Sellers, Lexington, Mo.:

Dear Sir:—It affords me great pleasure in giving this recommendation regarding your school.

I have been well pleased with my son's career at Wentworth. I can cheerfully recommend your school to any one who desires a military education.

I am satisfied your school is managed on business principles and that you look after the morals of your pupils while there.

Very truly yours,

JAS. A. DAUGHERTY.

Wellington, Kan., May 23, 1902.

Col. Sandford Sellers, Lexington, Mo.:

Dear Sir:—I am well satisfied with my son's first year's progress at your school. There has been a noticeable improvement from the first and I am convinced that the tendency at Wentworth Military Academy is both progressive and elevating.

Respectfully yours,

W. R. SPICKNALL.
R. Dye.

Topeka, Kansas, May 11, 1903.

Col. Sandford Sellers, Supt. W. M. A., Lexington, Mo.:

My Dear Sir:—As your present school year draws near its close I beg to express the gratification of Mrs. Frost and myself at the satisfactory progress made by our son Russell at the Academy. We think highly of your school methods and of the painstaking care given by yourself and the faculty to the mental, moral and physical development of your pupils.

I believe that the plan of your school as you conduct it gives your boys a good start towards a high type of manhood.

Very truly yours,

JNO. E. FROST,
President of Commercial Club.

Cedar Vale, Kan., May 24, 1902.

Col. Sandford Sellers, Superintendent Wentworth Military Academy, Lexington, Mo.:

Dear Sir:—I am well pleased with the progress my son has made in your school the present term, judging from his grades.

Yours respectfully,

A. J. ADAM.

Waco, Texas, May 15th, 1903.

To Whom It May Concern:

I regard the Wentworth Military Academy as one of the best institutions of its kind in the country. I have been greatly pleased with the progress of my son, who has attended there for the past year. I have visited the institution, and have known Col. Sellers, the Superintendent, for many years; and it has been his constant and steady aim and purpose to give to the boys entrusted to his keeping the very best opportunities for moral, mental and physical development. For its highly moral influence, and for good, honest and conscientious work in building up character and in laying the foundation for an education, this institution can be confidently relied on.

Very respectfully,

D. C. BOLINGER.

Cushing, Oklahoma, May 13, 1903.

Col. Sandford Sellers, Lexington:

Dear Sir:—It gives me real pleasure to express the very high opinion I have of your school, an opinion formed from my own observation of the workings of your school and from noting the progress made by "our Oklahoma boys" in attendance there.

Those mythological heroes, Theseus, Romulus and Remus, are accredited with "strength of body and bravery equal to the quickness and force of their understanding."

There is no question but that education of the body is always education of the mind, and not infrequently of the spirit. In acquiring these qualities it is imperatively necessary to cultivate the kindred ones of sobriety, cleanliness, self-restraint, temperance, moderation and regularity in all things—necessary to observe scrupulously all the rules of health as they are best understood. The association between physical, intellectual and moral strength is a natural one, unchangeable in its essential principles. Hence my firm belief in the advantages of military training in the education of boys.

Andrew's progress during the last year has been perfectly satisfactory in every respect. I note with pleasure the interest he takes in all his work.

Sincerely,

MRS. BLANCHE E. LITTLE,
Member International Press Union.

Linneus, Mo., May 11, 1903.

Col. S. Sellers, Lexington, Mo.:

Dear Sir:—I take pleasure in stating that the general progress my son Delbert has made through his studentship in the Wentworth Military Academy during the term now about to close is the source of much satisfaction to me, and that I deem your school a model for the mental, moral and physical training of our young men.

Yours very truly,

J. F. WILKERSO.
Pittsburg, Kansas, May 11th, 1903.

Col. Sandford Sellers, Lexington, Mo.:

Dear Sir:—I feel that my son has made satisfactory progress in his studies. I am especially pleased with the management of the school, in that he has acquired a more erect bearing, which was the primary object of my sending him to your school. I also noted, when visiting the school, that the boys cultivated a high sense of honor as to their conduct in their association with the young ladies of the other schools. The absence of the cigarette habit was also a noteworthy feature.

* * * * *

Very sincerely yours,

JAMES L. ROGERS,
First National Bank.

Kansas City, Mo., May 20, 1903.

Col. Sandford Sellers, Supt. Wentworth Military Academy, Lexington, Mo.:

Dear Sir:—It affords me pleasure to acknowledge receipt of your kind invitation to attend the commencement exercises of your school, and I regret that business engagements will prevent my acceptance of it.

In this connection I wish to express my hearty appreciation of the progress made by my son, Joe G. Griffith, under “Wentworth” training. His enthusiasm in the school work indicates that the management is capable of instilling in the pupils the spirit of loyalty, making progress toward the development of the best American citizenship.

Sincerely yours,

T. E. GRIFFITH,
State Agent The Continental Insurance Co.

Paris, Texas, May 19, 1902.

Col. Sandford Sellers, Lexington, Mo.:

Dear Sir:—I am very well pleased with the results obtained in sending my son to Wentworth. I am thinking of having his younger brother accompany him when he returns to Wentworth in September.

Yours respectfully,

LOUIS GOLDMAN.

Percival, Iowa, May 15, 1903.

Col. Sandford Sellers, Lexington, Mo.:

Dear Sir:—In reply to your valued favor of 7th inst., please permit me to say I am very much pleased with the progress my son Jack has made at your school during the past year, and I consider your plan of handling and teaching young men most excellent. The money spent in sending and keeping a boy at the Wentworth Military Academy is certainly well invested.

Yours truly,

W. H. SHELDON.

Guthrie, Okla., May 10, 1903.

Col. Sandford Sellers, Wentworth Military Academy, Lexington, Mo.:

My Dear Sir:—I take this opportunity to say to you that I am well pleased with the progress my son Ted has made in the past year at Wentworth and it is my intention now to return the young man to you next fall.

Yours very truly,

J. M. BROOKS.

Kansas City, Mo., May 18, 1903.

Col. S. Sellers, Supt. W. M. A., Lexington, Mo.:

Dear Sir:—Permit me to thank you and your associates for the interest you have manifested in the physical and mental welfare of my son Lewis who is completing his first year at the Academy. His progress has been, as a whole, quite satisfactory and I cordially recommend the school to others.

Very respectfully yours,

R. H. COWEN.
Washington and Lee University, Lexington, Va.
Major S. Sellers, Military Academy:

Dear Sir:—The Wentworth Military Academy continues to maintain its high stand at this university. It is due to say that no other academy in the entire country has made here a more admirable record as shown by the success of the students prepared by it for this institution, four of whom have in the past four years taken three scholarships, four medals, and three degrees.

J. A. QUARLES (D. D.),
Professor of Moral Philosophy.

Abilene, Kansas, May 12, 1903.

Col. Sandford Sellers:
I am greatly pleased with my son's progress at your school. The military training has been especially helpful.
Yours truly,
JOHN M. GLEISSNER.

St. Louis, Mo., May 11, 1903.

Col. Sandford Sellers, Lexington, Mo.:
Dear Sir:—In reply to yours of the 9th, will say that I am very well pleased with your school. It is my present intention to send my son back to your school next session, and I hope that he may be able to complete the course with honor to himself and the school. Thanking you for your kindness, I am,
Yours very truly,
MRS. V. F. BARRON.

Holdenville, I. T., May 23, 1903.

Major S. Sellers, Lexington, Mo.:
Dear Sir:—The progress of our son during the current scholastic year at your institution has been eminently satisfactory. The school deserves all the patronage it can receive from the public, and we congratulate ourselves that our son has received its benefits even for one year.
Yours very truly,
MR. and MRS. JOHN ELLIS.

Johnita, I. T., May 12, 1903.

Col. S. Sellers, Lexington, Mo.:
Dear Sir:—We have been counting the days when our son will be with us again. We are so well pleased with Wentworth Academy that we want to send him three years more if possible. Wentworth is the place for boys from the West, or that is what we think.
Respectfully yours,
W. C. CHAMBERLAIN.

Kansas City, Mo., March 11, 1903.

Col. S. Sellers:
Dear Sir:—I am well pleased with your school. It is my intention to send my son back next year. Thanking you for your kind care and treatment of him, I remain,
Respectfully yours,
MRS. A. LIPPER.

Bucyrus, Kansas, May 18, 1903.

Col. Sandford Sellers, Lexington, Mo.:
Dear Sir:—We are well pleased with the progress our son Leon has made in his studies during the short term he has attended Wentworth. If nothing prevents, we want him to return there next fall. We thank you for the kindly interest you have taken in our son, and we can cheerfully recommend your school to parents having boys to educate.
DR. J. W. COOPER.

Magnolia, Ark., May 18, 1903.

Col. Sandford Sellers, Supt. Wentworth Military Academy, Lexington, Mo.:
Dear Sir:—I am very much pleased with my son's progress at your school during the past term, and I admire the manner in which you conduct it. My son, as well as myself, are highly pleased with the past year's work, and he will certainly return to you next season. I have nothing but praise for Wentworth Military Academy, for I deem it equal, if not superior, to any of its class in the country. I am,
Yours respectfully, &c.,
O. T. DECKER.
Mobeetie, Texas, May 12, 1903.

Col. Sandford Sellers, Lexington, Mo.:

Dear Sir:—I wish to say that I am highly pleased with the progress made by my son while attending your school during the term of 1902-1903, and I most heartily endorse the plan of your school. Thanking you for the interest you took in my son and the kindness shown him while with you, I beg to remain,

Yours truly,

J. J. LONG.

Chicago, Ill., July 1, 1899.

Permit me to thank you and express to you my satisfaction for the excellent work you have accomplished, and especially with my son, who graduates this year.

Yours truly,

V. W. A. HOWETT, Attorney Illinois Central R. R. Co.

Waco, Texas, May 20, 1899

Major Sandford Sellers, Superintendent Wentworth Military Academy, Lexington, Mo.:

Dear Sir:—The progress of my son during the current scholastic year at your institution has been eminently satisfactory and I believe he has accomplished more in that length of time than ever before. The school deserves all the patronage it can receive from the public, and I congratulate myself that my son has received its benefits even for one year.

Very truly yours,

GEORGE CLARK, Attorney at Law.

Santa Fe, New Mexico, May 27, 1899.

Sandford Sellers, Esq., Principal Wentworth Military Academy, Lexington, Mo.:

Dear Sir:—My son has been attending your Academy during the last scholastic year, and I wish to say that his advancement has been entirely satisfactory. I have nothing but praise for the efficiency of your educational methods and discipline of your institution, both of which I consider of the highest order.

Very truly,

T. B. CATRON, Attorney at Law.

Guthrie, Oklahoma, May 20, 1901.

Col. Sandford Sellers, Lexington, Mo.:

Dear Sir:—My son has been in your school, Wentworth Military Academy, almost one year, and results have been highly satisfactory. Wentworth is the place for boys.

Truly yours,

(Gov.) T. B. FERGUSON.

Wellington, Kan., May 20, 1901.

Mr. S. Sellers, Lexington, Mo.:

Dear Sir:—As school is about to close, I write to say we have been very well pleased with your school and the manner in which it has been conducted. Nothing preventing, we expect to send our son again next fall, and think there will be two more boys from Wellington.

Yours truly,

S. P. KRAMER.

Evansville, Ind., May 20, 1900.

Col. Sandford Sellers, Lexington:

Dear Sir:—Allow me to embrace this opportunity to thank
you for the education and care you have given our boy. His improvement is a source of much gratification to us and an agreeable surprise to all our friends.

Mrs. Loewenthal joins me in sending best regards to you and yours, and, thanking you in advance for favors, I am,

Yours truly,

J. W. LOEWENTHAL.

Waco, Texas, May 22, 1900.

Col. S. Sellers, Lexington, Mo.:

Dear Sir:—I look for my son home now in a few days. I am gratified at his progress since he has been at your school. His improvement in every respect has been good. I thank you for the personal interest you have taken in him. I will send him back to you next year.

Very respectfully yours,

TOM PADGITT,
Manufacturer of Saddles and Leather Goods.

Albuquerque, N. M., June 7, 1899.

Col. Sandford Sellers, Lexington, Mo.:

Dear Sir:—Allow me to express my satisfaction in the management of your institution. My boy has done well, and expects to be with you the coming session.

Very truly,

M. S. OTERO,
Governor of the Territory.

Oswego, Kan., June 2, 1901.

Col. S. Sellers, Superintendent W. M. A.:

Dear Sir:—Our son Mayo returned home yesterday from your school and we were well pleased with the progress he has made the last year. We expect him to return in September and continue till he finishes the course, and we are also glad to say he is pleased with the school and is anxious to return.

Respectfully yours,

S. S. CRUM,
U. S. Marshal.
Enid, Oklahoma, May 22, 1901.

Col. Sandford Sellers, Superintendent Wentworth Military Academy, Lexington, Mo.:

Dear Colonel:—I have long been of the opinion that an academic military training is a prerequisite to a successful life. Considering my son's splendid advancement while attending your school, I can with good conscience recommend Wentworth Military Academy.

JAMES B. CULLISON,
Register of U. S. Land Office.

Larned, Kan., May 13, 1898.

Sandford Sellers, Superintendent Wentworth Military Academy, Lexington, Mo.:

Dear Sir:—We are highly gratified with the progress our son has made in your school during the past year, both in his studies and physical development, the latter being especially marked in his case. We consider your school one of the best, and purpose sending our son till he graduates. Yours respectfully,

W. C. EDWARDS,
Ex-Secretary of State.

Guthrie, Okla., June 17, 1903.

Col. Sandford Sellers, Lexington, Mo.:

Dear Sir.—In reply to yours of some days ago, I wish to express myself as highly pleased in every particular. My son shows a marked improvement, especially in the way of independence of spirit and bearing, qualities so essential to a full manhood. He will return next term. He expresses himself as greatly pleased with the school and shows that he is much attached to it. I turn this important period of his life over to you in the full belief that nowhere could I find a school so well calculated as Wentworth to bring the richest results from it.

Very truly yours,

WILLIAM GRIMES,
Secretary of State and Ex-Officio Ins. Com.
